

Bluestone ENVIRONMENTAL GROUP

An 8(a), EDWOSB-Certified Company

Who is Bluestone?

Bluestone Environmental Group, Inc. is an 8(a) certified Economically Disadvantaged Woman-Owned Small Business (EDWOSB) specializing in environmental compliance, permitting, regulatory reporting, and environmental investigation. Bluestone's owner and principal, Lisa Myers, PE, conducted business as a sole proprietor serving the public and private sectors beginning in 2002. Bluestone was incorporated in 2010 and provided continuity of services to the sole proprietor clients in addition to new business, which has led to significant growth in the industry.

Why Choose Bluestone?

- Multi-disciplinary staff consists of engineers, geologists, environmental scientists, and a Certified Industrial Hygienist that average over 21 years of experience. Our comprehensive, in-house capabilities are real and not a "small business storefront"
- As owner and principal, Lisa Myers, PE actively engages in operations and projects that allow for prompt decision-making and client availability
- We prioritize the maintenance of a low overhead rate. Experienced personnel + Low overhead = High-quality, timely, insightful, and holistic approaches to solve problems for each client in a cost-effective manner
- Long-term client relationships with a track record of success with DoD and Fortune 50 clients
- Health, safety and environment practices are important. We maintain zero lost time incidents (LTI) and zero OSHA recordable incidents

"In my experiences, I have found that Bluestone has a longstanding record of exceptional customer service and quality work. At the heart of their success is a commitment to ensure projects are completed safely, on schedule and within budget. ...Bluestone brings many years of success in environmental experience, knowledge and to clients."

John Wrobel,
Aberdeen Proving Ground
